Please also read the guidelines for the preparation of the concept paper on page 3.

Guidelines for the preparation of the concept paper:

- maximal length: 3 pages (DIN A4, font size 11)
- content:
 - *Affiliated person(s)*: Please briefly describe the persons involved as well as their positions.
 - *Connection to research*: Describe the connection between your idea and the research of your university / research institution.
 - *Idea and product innovation*: Describe your idea and the product innovation and, if necessary, the technology.
 - *Customer value and market*: Please indicate the potential benefits of potential customers. If possible, also describe in which specific market (e.g. FinTech, software industry, health technology, education) you could be active with your project.
 - *Practicability*: Please provide a brief overview of the practicability of your idea: Where can development and research risks arise? What is needed for a transition into the market?

The concept paper is supposed to have a cover sheet (not included in the page count mentioned above), which contains the following information:

- Name of the project
- Category the idea is submitted to
- A contact person for queries

Please send the concept paper as a PDF file (please note file size) with the completed application form to: info@marketchallenge.de
